Pulitzer Prize-winning New York Times journalist and author Timothy Egan follows a half-dozen families and their communities through the rise and fall of the region, going from sod huts to new framed houses to huddling in basements with the windows sealed by damp sheets in a futile effort to keep the dust out.

SHEILA WELLER

GIRLS LIKE US

Carole King, Joni Mitchell, Carly Simon—and the Journey of a Generation

SYNOPSIS

Girls Like Us is an epic treatment of Joni Mitchell, Carole King, and Carly Simon, midcentury women who dared to break tradition and become what none had been before them—confessors in song, rock superstars, and adventurers of heart and soul.

BOOK DESCRIPTION

Joni Mitchell, Carole King, and Carly Simon remain among the most enduring and important women in popular music. Each woman is distinct: King is the product of outer-borough, middle-class New York City; Mitchell is a granddaughter of Canadian farmers; and Simon is a child of the Manhattan intellectual upper crust. They collectively represent, in their lives and their songs, a great swath of American girls who came of age in the late 1960s. Their stories trace the arc of the now-mythic generation known as "the sixties"—the female version—but in a bracingly specific and deeply recalled way, far from cliché. The history of the women of that generation had never been written—until now.

Filled with the voices of many dozens of these women's intimates, this alternating biography reads like a novel—except it's all true. Sheila Weller captures the character of each woman and gives a balanced portrayal enriched by a wealth of new information.

ARAVIND ADIGA

THE WHITE TIGER

A Novel

SYNOPSIS

Set in a raw and unromanticized India, *The White Tiger*—the first-person confession of a murderer—is as compelling for its subject matter as it is for the voice of its narrator: amoral, cynical, unrepentant, yet deeply endearing.

BOOK DESCRIPTION

No saris. No scents. No spices. No music. No lyricism. No illusions.

This is India now.

Balram Halwai is a complicated man. Servant. Philosopher. Entrepreneur. Murderer. Over the course of seven nights, by the scattered light of a preposterous chandelier, Balram tells us the terrible and transfixing story of how he came to be a success in life—having nothing but his own wits to help him along. Born in a village in the dark heart of India, Balram gets a break when he is hired as a driver for a wealthy man, two Pomeranians (Puddles and Cuddles), and the rich man's (very unlucky) son.

Through Balram's eyes, we see India as we've never seen it before: the cockroaches and the call centers, the prostitutes and the worshippers, the water buffalo and, trapped in so many kinds of cages that escape is (almost) impossible, the white tiger. With a charisma as undeniable as it is unexpected, he teaches us that religion doesn't create morality and money doesn't solve every problem—but decency can still be found in a corrupt world, and you can get what you want out of life if you eavesdrop on the right conversations.

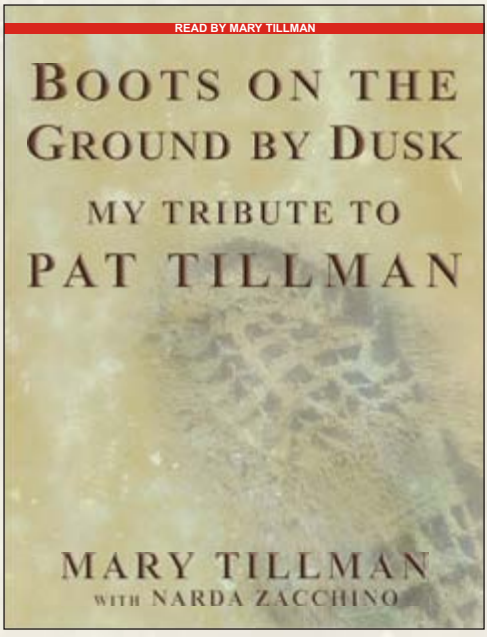
BOOTS ON THE GROUND BY DUSK

My Tribute to Pat Tillman

simultaneous release



SYNOPSIS

In this compelling and deeply personal book, Mary Tillman shares the story of her son's extraordinary life. She tells of her family's impassioned efforts to uncover the truth about what happened to Pat and how the government kept the circumstances secret.

BOOK DESCRIPTION

To millions of people, Pat Tillman stands as the epitome of an American hero. On his way to stardom in the pros after a hugely successful college football career at Arizona State, where he graduated summa cum laude, he walked away from a multimillion-dollar NFL contract in response to the 9/11 attacks to enlist as a Ranger in the U.S. Army. On April 22, 2004, Pat Tillman was killed in Afghanistan in what the Bush administration and the Pentagon initially portrayed as a dramatic gun battle with the enemy. But in the weeks that followed, disturbing facts emerged. Army officials had been hiding the truth: Pat was killed by his fellow Rangers.

In this compelling and deeply personal book, Mary Tillman shares the story of her son's extraordinary life and the Tillman family's impassioned and tenacious effort to uncover the truth about what happened to him and how our government went to such great lengths to keep the circumstances secret. Today, despite seven investigations, five of them launched largely due to the family's insistence, what really happened remains murky and fraught with contradictions. Mary Tillman writes of her son's brief but remarkable life and the military's betrayal of him and his family. Mary paints an indelible portrait of the guiding principles that defined her son and that ultimately led him, in death, into the hearts and minds of people all over the world.

Jerry Hobart has some questions of his own. It's none of his business why he was hired to kill Phil Kramer. But now that he's been ordered to take out Kramer's widow, he figures there's a bigger secret at work—and maybe a bigger payoff.

PHILIP P. PAN

OUT OF MAO'S SHADOW

SYNOPSIS

An intimate, groundbreaking account of a society in turmoil, *Out of Mao's Shadow* is the most important book about the Chinese people and their fight for greater freedom.

BOOK DESCRIPTION

Prize-winning journalist Philip P. Pan offers an unprecedented inside look at the momentous battle underway for China's future. On one side is the entrenched party elite determined to preserve its authoritarian grip on power. On the other is a collection of lawyers, journalists, entrepreneurs, activists, hustlers, and dreamers striving to build a more tolerant, open, and democratic China. The outcome of this dramatic, hidden struggle will shape China's rise to superpower status—and determine how it affects the rest of the world.

From factories in the rusting industrial northeast to a tabloid newsroom in the booming south, from a small-town courtroom to the plush offices of the nation's wealthiest tycoons, Pan speaks with men and women fighting and sacrificing for change. An elderly surgeon exposes the government's cover-up of the SARS epidemic. A filmmaker investigates the execution of a student in the Cultural Revolution. A blind man is jailed for leading a crusade against forced abortions carried out under the one-child policy.

Out of Mao's Shadow offers a startling perspective on China and its remarkable transformation, challenging conventional wisdom about the political apathy of the Chinese people and the notion that prosperity leads automatically to freedom. Like David Remnick's *Lenin's Tomb*, this is the moving story of a nation in transition, of a people coming to terms with their past.
