## MATTHEW SCOTT HANSEN THE SHADOWKILLER

A Novel

**Bigfoot wants revenge! Just as *Jaws* terrified people right out of the water, *The Shadowkiller* will keep readers out of the woods...for good.**

- **The legend continues:** The story of Bigfoot is among the most enduring legends of all time. Sightings are reported everyday, and scientists such as Jane Goodall have proclaimed their belief that it exists. There's a large and very active network of researchers and fans (the Bigfoot Field Researchers Organization: [www.bfro.net](http://www.bfro.net)) who will welcome this novel.
- **An author with enthusiasm:** Matthew Scott Hansen believes Bigfoot exists. An author, screenwriter, and former television writer who has lived in the Pacific Northwest, he has many entertainment connections (two of his co-written screenplays sold to Warner Brothers and Universal). This book has already generated excitement overseas and in Hollywood.
- **A thoroughly gripping read:** *The Shadowkiller* is reminiscent of early Stephen King—a good, old-fashioned “ghost” story. Readers will keep one eye closed as they follow the thrilling adventures of Bigfoot and his rampage of apocalyptic destruction. This scary, funny, gory tale will make even the most hardcore skeptics think twice before going camping.
